(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4)
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4)
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?  Yes No
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?  Yes No
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?  Yes No
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?  Yes No
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?  Yes No
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?  Yes No If yes, please give the names and addresses of all such persons.
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?  Yes No
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?  Yes No If yes, please give the names and addresses of all such persons.
(a) Description (4 copies of a plan should be provided, 1:1250 scale preferred, showing the existing and proposed routes clearly identified by different colours or markings)  Proposed width  6. Land crossed by Diverted path  Is the land crossed by the Diverted path in the ownership or occupation of persons other than those listed at (3) and (4) above?  Yes No If yes, please give the names and addresses of all such persons.

L	8. Reasons for diversion / extinguishment
	Section 257 of the Town and Country Planning Act 1990 enables the Planning Authority to make Orders for the diversion or extinguishment of public rights of way to enable development to be carried out in accordance with planning permission granted under Part III of the Town and Country Planning Act 1990. Please give brief reasons why the
	proposed development could not be carried out if the path in question were not diverted / extinguished and why alternative development, which would not require diversion / extinguishment of the path, is not considered practicable, and why if the application is for an extinguishment could not the path be diverted.

Is so, please give details  //we hereby apply for the diversion / extinguishment of the public right of way as described above and enclose a

## NOTES FOR GUIDANCE

- 1. This form should be completed in all respects. It is appreciated that, at the time of the application, the answers to all the questions may not be known. This should be stated so that enquiries may be made at a later stage. If the Borough Council agrees to make an Order, the procedure is that the following consultations with the various statutory undertakers, the Order will be advertised and if no objections are received it may be confirmed by the Council. If there are objections which cannot be resolved, the Order will have to be referred to the Secretary of State for the Environment, who after considering the need for the Order and the objections received, may decide the hold a Public Inquiry before reaching a decision.
- 2. The Order, if made, will require the applicant either to carry out such work as is considered necessary to provide a satisfactory path on the diverted route or to pay the cost of such work.
- 3. The current scale of charges can be obtained from the Planning and Building Service. If the Council does not agree to make an Order, a refund will be made less the retainer charge.
