WHAT ARE WE CONSULTING ON?

We have already undertaken several stages of public consultation. We are now undertaking public consultation on the draft Local Plan 2042 Revised Regulation 18.

This is a focussed consultation on how the Council are seeking to meet its need for new homes. This includes identification of site allocations and explaining consequential impacts on matters such as employment needs and local gaps. All other matters remain as in the previous Regulation 18 Stage 2 draft Local Plan.

NEXT STEPS

Once this Revised Regulation 18 consultation is complete we will consider all consultation comments and make any necessary changes to the draft plan.

Spring/Summer 2026:

Final Draft Local Plan (Regulation 19) – Public consultation on the final draft Local Plan.

Autumn 2026:

Submission of the final draft of the Local Plan to the Secretary of State for independent examination.

Winter / Spring 2027:

Examination in Public conducted by an appointed Planning Inspector.

Autumn 2027:

Anticipated Adoption date of the Local Plan.

WHAT IS A LOCAL PLAN?

The Local Plan guides future development within the Test Valley area. It sets out planning policies to address our communities' needs e.g. the amount of housing and employment needed, and how we intend to deliver sustainable development.

The Local Plan is produced by us, in our role as the local planning authority, and must follow national guidance at each stage.

WHY IS IT IMPORTANT?

Local plans are important as they shape how places will change in the future. The Local Plan can play a key role in helping to deliver local priorities, such as those identified by our Four Year (Corporate) Plan 2023-2027.

The Local Plan will influence future changes within local communities including location of new homes across the borough. The Local Plan will set out the policies and principles by which planning decisions will be made and development undertaken, across the borough.

CHANGE IN GOVERNMENT POLICY

The Government published a revised National Planning Policy Framework (NPPF) in December 2024, which came into effect immediately with a focus on delivering 1.5 million new homes nationally over this Parliament (between 2024 and 2029).

For Test Valley this has resulted in an increase to our housing requirement from 524 dwellings per year to minimum of 934 dwellings per year.

HOW MUCH DEVELOPMENT & WHERE ARE THE PROPOSED SITES?

We must now deliver 15,878 new homes over the next 17 years, as required by Government, which has led to some difficult decisions about where the new homes could be built. The focus of this consultation is on how the Council are seeking to deliver this number of new homes.

The proposed new developments are spread across the borough, including Andover and Romsey, as well as in our rural areas as set out below.
