**Subject:** Amport Parish Neighbourhood Development Plan Response to Examiner's Clarification Note

We have reviewed the attached response from APC, which contains several inaccuracies.

AM4 & Representations - The LGS was first proposed in the Reg 14 submission on 4th December 2024; it was not included in any earlier drafts. There was no discussion with the landowners, and we were refused a meeting with the Steering Group. Please see the attached document, which details our efforts to work with the Steering Group.

Please could you pass on these comments to Andrew Ashcroft?

Thank you

Regards
