

8 December 2025

I am affected by the proposed Stopping Up Order and object on the following grounds. Making West Street two way will affect residents like myself, who live in Chantry Lodge and Portland Grove, the increase of traffic will make living conditions very difficult. Extra traffic, Buses and lorries going to the bus station and delivering to the supermarkets will cause noise and pollution, and crossing the road to shop and go to the Sports Centre and the Lights dangerous. There is no dropping off area for Chantry Lodge and delivery of heavy and bulky household items will be very difficult and dangerous. Also access for emergency services would be very difficult.
