

5 March 2026

With regards your letter regarding the above Stopping Up Order, please be advised that I do not wish to withdraw my objections.

Furthermore, Chantry Lodge had its Loading Bay removed when the new Apartments were added on as a directive from the Planning Department. However, the one thing that is required at the Lodge is indeed a Loading Bay, for Amazon, Ocado, Tesco, Sainsbury, Evri, deliveries, not to mention the need for Emergency Vehicles dealing with Vulnerable people at Chantry Lodge.

This coupled with the total disruption of traffic, noise, dust etc while the works take place will not be worthwhile for the Regeneration Project Envisaged. I am also in agreement with most of the other objections raised.

I, therefore wish NOT to withdraw my objection to this project.
