

1 March 2026

Following your response to my objections to the above Stopping Up Order, which I read and considered very carefully, I would advise that my objections have NOT been adequately addressed and I do NOT wish my objections to the proposed SUO to be withdrawn

I would also advise that I am aware Juliet Bradbury notified you to contact me by post as my email had been hacked.

I will, therefore, be sending her a copy of my reply by post to confirm that my objections have not been resolved and are to remain on file
