Car Sharing

Car sharing is when two or more people share a car and travel together. Car sharing is a simple way to cut the costs of fuel and parking, cut congestion and pollution, and cut the stress of driving.

You can obtain a free car sharing account via hantscarshare.com, connecting you to like minded individuals, wishing to see a reduction in traffic in Hampshire as well as reducing travel costs. There are currently 379,233 members registered with the national liftshare network and on average they each save £786.38 per year.

Car Parking

Every household has allocated parking spaces and residents are asked to use these to park their vehicles.

Cars parked on pavements make it difficult for pedestrians to walk safely and can be dangerous especially for children. Emergency services such as fire engines could also find it difficult to access some roads / houses, where residents have parked inconsiderately. Vehicles parked on pavements which are causing an obstruction should be reported to the police using the 101 number.
