

A Dementia Friendly Communities Initiative
Commissioned by Hampshire County Council
Delivered by AndoverMind

What is a Dementia Friendly Community?

a community where people with dementia:

- can live as independently as possible
- can still be part of their community
- are met with understanding and given support when they need it

What is the project hoping to achieve?

- groups of empowered people with dementia and their carers
- an engaged and enthusiastic community, supportive of people with dementia

Some of the things the project will be doing:

- setting up a Dementia Action Alliance for Hampshire
- piloting Dementia Friendly High Streets
- establishing a network of Dementia Ambassadors
- building dementia awareness in the community
- helping to establish support groups where there is a need
- consulting with people with dementia and their carers to establish what they need

How can you help?

- attend one of our awareness sessions
- join the Hampshire Dementia Action Alliance (if you are an organisation/business)
- become a Dementia Ambassador
- become a volunteer
- tell us about your experiences
- give us your views – complete our questionnaire
