**2019** Building Regulation **Standard Charges**  
**Non-Domestic Work**  
 Schedules 4 & 5

Valid from 1<sup>st</sup> April 2019

**When do I use the charges listed on this sheet?**

The charges for Building Regulation work are intended to cover the cost of the service. There are two methods that the council may use to establish the charge for building work.

**Standard Charges**

These cover specific categories of work (subject to certain conditions) which are shown in:-  
**Schedules 1 & 1a** - New Dwellings (New build or conversion) **(Available Separately)**  
**Schedules 2 & 3** – Domestic Extensions and Alterations **(Available separately)**  
**Schedules 4 & 5** - Non Domestic Work **(This Sheet)**

**Individually Assessed Charges**

Where the work does not fall within any of the Tables of Standard Charges, the charges will need to be individually determined. In this situation a written quote will need to be obtained from us. In order to provide an accurate quote we will need a reasonable amount of information from you. If you need a quote, please ring our Administration Support team on 01264 368312 to discuss your project.

**Are there any conditions for the use of Standard Charges?**

In setting these charges a number of assumptions have been made;

- the duration of the building work from commencement to completion does not exceed 24 months,
- the design is undertaken by a person or organisation that is competent to carry out the design for the work in question,
- the building work is undertaken by a person or organisation that is competent to carry out the work in question.

All the above assumptions must be true for the standard charge to apply, if at any time the building work falls outside the scope of the above assumptions an additional charge may become payable.

**Pre-application advice**

We are always happy to engage in discussion about any proposed project. Advice up to 1 hour in duration prior to an application being made is free of charge. Where extensive advice on a more complex project would be beneficial we would need to agree the basis upon how this would be undertaken beforehand.

**Additional Charge for change of use of a building**

Where a change of use is undertaken to a building, an additional charge of £95.17 plus VAT and all associated building work will be subject to the charges detailed (over). The additional charge does not apply in relation to a building used for residential purposes that is altered to create more or fewer dwellings. **Note:** A basement is considered to be storey and there is an additional charge of £205.23 if the work is in relation to a basement.

## Schedule 4:

# Non-domestic extensions and new build

### ▶ Other Residential (Institutional, Holiday and Other)

Category/Description	Full Plans		Regularisation Charge (No VAT)
	Plan Charge	Inspection Charge	
1 Floor area not exceeding 10m <sup>2</sup>	Charge £231.72	£695.15	<b>£1,297.62</b>
	Charge +VAT £278.06	£834.18	
2 Floor area exceeding 10m <sup>2</sup> but not exceeding 40m <sup>2</sup>	Charge £273.09	£819.27	<b>£1,529.30</b>
	Charge +VAT £327.71	£938.12	
3 Floor area exceeding 40m <sup>2</sup> but not exceeding 100m <sup>2</sup>	Charge £364.13	£1,092.37	<b>£2,039.10</b>
