

A Petition to Test Valley Borough Council

Community Governance Review Members Group

As residents of Crampmoor Lane, Winchester Road Crampmoor Grovely Way, all currently within the Parish of Romsey Extra, we wish our area to remain in the afore mentioned parish and to see the current boundary retained in its entirety.

We see no merit in any changes and indeed, were any to subsequently take place, we believe this would be contrary to the published reasons for the review.

The Test Valley Borough Council website explains the reasons behind the need for a review and clearly states that:

'A community governance review provides the opportunity to consider whether changes should be made to parish arrangements in response to these and other issues raised by local people'.

As local residents, we very much hope that the Community Governance Review Members Group will agree with our petition and leave boundaries unchanged.

All of the 63 dwellings involved were called on twice over a two week period in June 2018.

A response was obtained from 48 out of the 63 dwellings ie 76%

72 signatures supporting the petition were obtained from a maximum of 123 of residents involved meaning that 59% of them support the petition.

On behalf of Romsey Extra residents living in Crampmoor Lane,
Grovely Way and Winchester Road, Crampmoor
