

Test Valley Borough Council
Community Governance Review 2018

INDEX OF ISSUES BY PARISH July 2018

This Index lists all the parishes in Test Valley and references the “Second Consultation Reference” (SCR) which can then be used to view the detailed consideration of matters affecting that parish.

“No change” in the Comments column indicates where the Borough Council are not proposing any change to the current boundaries or existing parish arrangements, either where no responses were received, or the relevant parish council expressly responded to request no change.

“No change proposed” indicates that the Borough Council has received representations, but has decided not to recommend any changes to existing arrangements.

In all other cases, there is a detailed paper which considers the Issue referred to in the SCR Issue reference column. This detailed paper, and the document entitled “Community Governance Review 2018: Final Recommendations” set out the Final Recommendations which are being proposed by the Borough Council (subject to approval by full Council on 5 September 2018) in respect of each Issue.

Parish	FCR Issue Reference	Comments
