Policy EN1 Landscape and Character of Thrupton

Objection

As drafted the policy requires development to conserve and enhance the character and landscape of the parish. In applying the tests of the policy it is difficult to see how a development could conserve, ie protect from harm or loss and at the same time enhance ie improve the quality and value of the rural character and chalk landscape of the parish.

The tests set out in the policy are normally associated with development affecting conservation areas rather than as a generic policy to be applied to all development. As drafted it imposes a potentially significant constraint to meeting the current and future housing needs of the parish.
