

# THRUXTON PARISH COUNCIL

Chairman: CWM Milner Williams TD FCIS

12/11/19

Dear Ms O'Rourke

Ref -Thrupton Neighbourhood Plan Examination Ref: 01/MOR/TNP

Further to your question regarding the views in Thrupton please find explanation below: -

View 8, Policy EN3 and Map 2(c), Pages 27 and 30: The arrow on Map 2(c) is misplaced and should be adjacent to Snoddington Road due north of its current location. This is supported by the 'Views Policy Research' document available in the Further Evidence Base section of the Parish website. This explains the view as, "Unimpeded views of open countryside *from the road*, unchanged for many years, are enjoyed by all and add to the rural feel so valued by Parishioners. This helps give the settlement of Thrupton Down its unique quality – a hamlet surrounded by active agriculture as has been enjoyed for centuries." This is a difficult view to associate with a single arrow as it can be seen from a mile long stretch of Snoddington Road when travelling north east along it from shortly after Snoddington Hill past Snoddington Down Farm until the dip from which the old coach road leads to Kimpton Farm. The SG hope this explains their error.

Yours Sincerely

*Heather Bourner*

Heather Bourner  
Clerk to the Parish Council

Please reply or contact the Clerk to Thrupton Parish Council:

Mrs Heather Bourner, Tanglewood, Stanbury Road, THRUXTON, Hampshire SP11 8NR.
